**An original and harmonious blend, that seduces with its richness, generous texture and refreshing finish. The balance between fruitiness, fat and freshness makes it a product with a strong personality for amateurs of daring and original discoveries.**

**Nose** : Delicious from the opening, with aromas of ripe fruit (especially apple) and subtle woody notes. The influence of cognac brings a distinctive fruity character that combines with the typical grain nuances of whisky. A complex yet accessible nose that appeals by its originality.

**Palate** : A frank and lively attack, quickly followed by a beautiful roundness. The texture is rich and enveloping, carried by a pleasant freshness that structures the whole. The aromas detected on the nose are confirmed on the palate, enriched with hints of vanilla, toasted grains and a slightly spicy touch. The overall balance is controlled.

**Finish** : Long and persistent, marked by a pleasant freshness. It harmoniously prolongs the tasting experience with fruity and slightly woody notes, with a pleasant tension that invites you to come back for more.
